### 2<sup>nd</sup> Part: Accompaniment/ Piano Excerpt Performance

1. Performance of 2 opera scenes, or 1 opera scene and 1 movement from a symphonic choir work, while marking the vocal parts (approx. 10–15 minutes).  
The program to be performed should not only be arias, but also ensemble numbers and choir passages. The audition committee lays great emphasis on a musical, convincing, and rhythmically stable performance. The program to be performed must be submitted in writing. The difficulty of the pieces should be based on the applicant's prior knowledge and skill. Applicants are asked to perform two stylistically different works, i.e. excerpts from operas by Mozart, Verdi, Puccini, Lortzing, Weber, or Wagner, and symphonic choir works by Bach, Haydn, Mendelssohn-Bartholdy, or Brahms.
2. Sight Reading  
The audition committee will ask the applicant to perform a short excerpt from an opera or symphonic choir work that they have selected at the audition. Applicants should attempt to demonstrate that they can quickly read and interpret music and play it musically and accurately on the piano

### 3<sup>rd</sup> Part: Piano

A program of 4 representative works of piano repertoire:

- 1 polyphonic work from the Baroque era (i.e. J. S. Bach: Well-Tempered Piano, English or French Suites, Partitas)
- 1 Classical sonata (complete)
- 1 work from the romantic or impressionist eras

- 1 work from the 20th or 21st century

The audition committee will select various excerpts from the above-listed program. The performance does not need to be from memory. The program must be submitted in writing. Applicants should also bring with them a list of works that they have worked on in the last two years. Applicants must bring copies of the scores for their 20th/21st century work with them to the audition.

#### **4<sup>th</sup> Part: Voice/ Vocal Training**
