## CURRENT INFORMATION ON DEALING WITH THE CORONA PANDEMIC

### Infection protection concept has been updated

Due to new rules concerning the Corona pandemic the University updated the **infection protection concept**.

### Teaching and working in the summer semester 2022

In the summer semester of 2022, the university will largely return to regular teaching and work. Thus, lessons will take place in presence, and the previously applicable maximum person limits for the rooms will no longer apply. The university management appeals to all university members and employees to continue wearing masks in all university premises. You can find out more in the **letter from the President**.

### Availability of free COVID-19 self tests (one per week)

Fürstenhaus, Cafeteria	Monday, Wednesday, Friday	9 - 10 a.m.
hzh, Cafeteria	Tuesday and Thursday	9 - 10 a.m.

### Vaccination appointments

- Visit <https://www.impfen-thueringen.de> to make an appointment at an vaccination centre at any time. Your primary care physician's office also offers vaccinations against SARS-Covid-19.
- You can find current vaccination campaigns throughout Thuringia at <https://www.impfen-thueringen.de/endspurt>. You can get vaccinated at the times indicated there **without making an appointment**.

- For more information on vaccines and vaccination campaigns, visit <https://www.zusammengegencorona.de/impfen/>
  - Information on the Thuringia vaccination campaign in 9 languages can be found at <https://www.tmasgff.de/covid-19/impfen#c1390>
- 

## Rapid test centre at the Bauhaus University

Students and employees from the LISZT University can be tested for the coronavirus at a test centre on campus of the Bauhaus University (Bauhausstraße 7b). No prior registration is necessary. → [Further information](#)

On the website of the city of Weimar you will find the other [test centres](#) of the city as well as information about [vaccination](#).
