CURRENT INFORMATION ON DEALING WITH THE CORONA PANDEMIC

Special vaccination appointments for students on 4 and 11 October 2021

There will be special vaccination appointments for all students of the LISZT University on **4 October as well as 11 October, both from 2.30 p.m. to 8.30 p.m.** at the vaccination centre in the mon ami. This means that the bookable vaccination appointments for these periods are reserved for students of the LISZT University. The vaccines from BioNTech and Johnson & Johnson are available.

The booking portal of the Kassenärztliche Vereinigung Thüringen, where you can arrange your preferred appointment, is currently being set up for the vaccination campaign. As soon as we get the link, we will publish it on this page and send it by e-mail to all students.

Vaccination on these two days is **only possible with registration.**

The vaccine from Johnson & Johnson will only be administered once. If you choose the vaccine from BioNTech, you will need a second vaccination. The date for the second vaccination will then be automatically shown to you in the booking portal.

- Visit <https://www.impfen-thueringen.de> to make an appointment at a vaccination centre at any time. Your primary care physician's office also offers vaccinations against SARS-Covid-19.
- For more information on vaccines and vaccination campaigns, visit <https://www.zusammengegencorona.de/impfen/>
- Information on the Thuringia vaccination campaign in 9 languages can be found at <https://www.tmasgff.de/covid-19/impfen#c1390>

Rapid test centre at the Bauhaus University

Students and employees from the LISZT University can be tested for the coronavirus at a test centre on campus of the Bauhaus University (Bauhausstraße 7b). Tests are free of charge and no prior registration is necessary. → [Further information](#)

On the website of the city of Weimar you will find the other **test centres** of the city as well as information about **vaccination**.
