ORCHESTRA STUDIO

Get to play as soloist with the Jena Philharmonic Orchestra

Jena Philharmonic Orchestra
Markus L. Frank, Conductor

Orchestra Studio

Participants who have also registered for the Orchestra Studio when registering for the master class and are selected by the respective Guest Professor during the course, will be given the opportunity to rehearse one concerto from their repertoire as a soloist with orchestra (ca. 20 minutes).

The best participants will perform in the **Final Concert** of the Weimar Master Classes on 31 July 2021.

COVID INFORMATION

Due to the current situation, it is not certain whether the orchestra studio can take place as planned. To be on the safe side, we recommend applicants to choose works with smaller instrumentation if possible.

The Orchestra: The Weimar Master Classes provide an exceptional opportunity through their orchestra studio for a selection of its very best participants to further tweak their solo skills. For almost 50 years now the Jenaer Philharmonie has been a truly reliable partner for this. The orchestra from the neighboring

town of Jena was founded in 1934 and has toured all over the world, from Europe to China. Time and again, the Jenaer Philharmonie has been honored by German music publishers for its innovative concert programming. The Jenaer Philharmonie also accompanies concerts of particularly outstanding students and graduates and operatic concerts of the Liszt University on a regular basis.
