LANGUAGE COURSES

The language centre at the Bauhaus University Weimar also gives staff of the University of Music FRANZ LISZT Weimar the chance to learn a range of new languages, or to refresh and perfect any language skills they may already have. The portfolio currently includes English, French, Italian, and Spanish; depending on expressions of interest, there may further be classes in Chinese, Japanese, Dutch, Portuguese, Russian, and Swedish. All languages are offered as supplementary courses during term time, and are normally about two to three hours per week.
