

ENSEMBLES

COLLEGIUM MUSICUM WEIMAR

The orchestra is not subject specific, formed by students of all subjects within the Faculty III of the University of Music FRANZ LISZT Weimar, and open to enthusiastic instrumentalists from the Bauhaus University Weimar and the Friedrich Schiller University Jena. In weekly rehearsals, the roughly 50 members work on a demanding symphonic concert programme under the direction of a student from Prof. Nicolás Pasquet's and Prof. Ekhart Wycik's conducting class. The orchestra is largely student-run, also enabling future music teachers, arts managers, and musicologists to gain valuable experience in marketing and in the organisation of tours and concerts.
