

STUDIERENDENWERK

You cannot work on an empty stomach! The Studierendenwerk Thüringen does much more than just operate canteens and cafeterias in Weimar and other university cities across Thuringia.

They are also the people to talk to about funding your degree, and furthermore, they offer low-cost accommodation in their dorms, support students in challenging personal situations and provide a wide range of social activities and services.

The services provided by Studierendenwerk Thüringen can be found here:
